WHY DO YOU LOVE THAT VAN?

Now that the Van Johnson hysteria is sweeping the country like the Sinatra tidal wave, we want to know the whys and wherefores. When people asked us what you saw in Frankie to bring on the swoons and squeals, we could only shrug helplessly and say, "We, too." Well, we've asked the 1,800 teenagers who act as "Hi Style Scouts" for Calling All Girls if they're swooning over Van and why. Now, just let somebody ask us about this new crush and we're ready with all the answers.

"He looks like the boy next door—not like a movie glamour boy." (Don't you wish you lived on that girl's block?)

"The way he takes a girl in his arms and kisses her." (Now we're getting somewhere.)

"His cute, squeaky voice." (Well, what's the matter with Mickey Mouse?)

"His divine build, his boyish smile; his red hair." (Three good reasons.)

"He's sweet and shy, when the occasion demands, he can be so-o-o masterful." (Did you sit through his last picture three times just waiting for these "occasions"?)

"He doesn't act as if he were acting." (Then what does M.G.M. pay him for, anyway?)

"Are you kidding? He's positively gorgeous." (That seems to sum up the whole situation.)

DAFFYNITIONS

WARRIOR—A gal who uses too much dazzle dust and pucker paint. IT PUCKERS ME—It makes me mad.

THE FEET—That's what you call any good dancer. You call Frankie "The Voice," don't you, and Dick Haymes "The Throat"? Well—

VANNY—Wonderful. And in case you don't know why, just take another look at those love scenes in "Thirty Seconds Over Tokyo."

C. O. D.—Crush on a Drip. SLURPY—Droolsome.

Take My Word For It!

By FRANK COLBY

Question Box

Atlanta: I have finally convinced my stenographer that "reoccurrence" is incorrect. Can't you spread the news around?—B. E. T.
Answer: "Reoccurrence" is not incorrect, but it is somewhat redundant. The better form is: recurrence.

Lynn: Please discuss pronunciation and origin of "debacle." It is often pronounced "DEB-uh-k'l."—M. Q.

Answer: First choice: dee-BAH-k'l. Second choice: dee-BAK-l. The word is from the French. In both French and English, debacle has the curious literal meaning, "the break-up of ice," as in a river.

Savannah: What authority is there for the pronunciation "crick" for the word "creek"?—M. A. R.

Answer: It's dialectal. Creek should rhyme with "Greek."

Oklahoma City: Please, what is the plural of the word "corps"? Is it "corpses"?—J. L.

Answer: Sorry, no. "Corpses" is the plural of "corpse." The word corps is both singular and plural. Correct: He joined the Marine Corps. There were several tank corps in the battle.

Detroit: Please distinguish between "sewerage" and "sewage."—O. G. T.

Answer: Sewerage is the act of or system for disposing of waste matter. Sewage is the waste matter carried off by the sewerage system.

Beaumont: Your recent article, "Oh, Those Adverbs!" reminds me that it can happen in the best of families. Even Browning wrote: "And yonder soft phial, the exquisite blue."

Sure to taste sweetly—is that poison too?

Answer: It's poisonous English. The rule is: After look, sound, taste, smell, feel, use an adjective.

Correct: Sure to taste sweet. Don't feel bad about it. It sounds loud. It smells good. She looks ill. Bell Syndicate.—WNU Features.

Gray Flannel Suit

Soft gray flannel forms the youthful suit. The brief jacket has tucked yoke treatment and two patch pockets, and is worn with a red and gray print blouse.

Veterans' Administration Has Capable Leader

General Bradley Has Fatherly Interest in Veterans; Actions Show His Ability to Administer This Big Job

By BAUKHAGE
Commentator and News Analyst

WNU Service, 1616 Eye St., N. W., Washington, D. C.

I have just come back from a visit with the father of 15 million. That isn't such a far-fetched figure to use in describing the tall, rangy Missourian, who is in charge of "the biggest business in the world," which is how they describe the Veterans' Administration in Washington.

To call Omar Nelson Bradley "father" of the service men and women isn't stretching it. Ernie Pyle once said: "If I could pick any two men in the world for my father except my own Dad, I would pick General Omar Bradley or General Ike Eisenhower. If I had a son, I would like him to go to Bradley or Ike for advice." Ernie was a pretty keen judge of human nature on the hoof. I thought of that when one of Bradley's co-workers in the Veterans' Administration, who is almost a decade older than the general, said "fatherly" was the way to describe the manner in which he was treated the first time they had a problem to straighten out with the boss.

And then I met the General. I found a weather-beaten, wiry, long-legged soldier, whose eyes twinkled brighter than the four stars on his collar. Fatherly, yes—and I'll have a word about that a little later. But I found out something else. I found out why he ought to be able to run one of the hardest jobs in the government. And I'll admit, right off, it sounds almost too good to be true.

We had been talking about the details of the reorganization of the agency which is now going on and with which General Bradley is minutely familiar. Then I asked him what it was, if anything, in his military training and experience that he could use in his present position.

He said that he thought it was the same with all jobs such as this. And here is the theory on which he works:

"First, build your organization on functional lines. Second, get the right man to head up each function. Third, give him full responsibility to act on his own authority."

How, I inquired, does this fit in with your military experience, having had some of that branch of adventure myself—although running a platoon isn't running an army.

"It's a good deal like the army," he answered. "You have your staff. You have say 20 sections, each with a special function, working under your chief of staff. Sometimes, of course, you group some of the functions, but the organization is along functional lines."

And how, I asked, do you choose the men to head up these various activities? His answer came back without the slightest hesitation.

"I choose a man, first for his ability, second for his loyalty—and I count heavily on the loyalty. Get loyal men of ability and you've gone a long way toward solving your problems in any organization."

That sounded pretty good to me, but what about the present situation where, after all, there is always a Congress on Capitol Hill, a Congress with constituents who have votes and some of whom want jobs. I asked the General, what about politics? He didn't seem worried. He said that he hadn't had any trouble.

"I'm not a politician," he said. "I never intend to run for office." That was all he would say, but here is a story I picked up later at the other end of Pennsylvania Avenue.

A certain Congressman got a hot letter from a constituent who had been fired from the Veterans' Administration. No doubt with due cause. He hot-footed it up to the General and spoke, as legislators often do to officials, with considerable vigor.

"I want the man re-hired at once," the Congressman demanded. The General was polite but sorry.

He stood by his decision.

"If you don't, I'll attack you on the floor."

"Go ahead," said Bradley, faintly recalling, I imagine, some of the attacks in Normandy.

"I'll block your bills," said the irate Congressman.

That was a horse of a different color.

"You will?" said the General. "All right, and if you do that, I'll go to the President with my resignation. He'll get that or find a means to stop you." (Period.)

We all knew about the General's war record—in Tunisia, on the Normandy beachhead, among the hedgerows, where he smashed a gateway at St. Lo which made Patton's lightning drive possible. But we didn't know much about the man. Most of us didn't know he was from Missouri and later some of us might have suspected that that was the reason why he was picked, although the President said it was because he wanted a World War II soldier to take care of the wants of World War II veterans. Now we have some other reasons for believing that the choice was predicated on wise advice and is going to prove itself a fortunate one.

On the horse-sense side, it is because Bradley has established a record as an administrator. He proved that in the army and had the acumen to see the chief fault in the veterans' organization and has set out to remedy it.

On the emotional side—well, Ernie Pyle was right.

The trouble with the Veterans' Administration was that it grew so rapidly that it didn't have time to delegate authority. And there was another reason for this. It was built on what seemed a very sound theory. Let's take its services to the veteran. For instance, small hospitals were scattered all over the country, many in little communities where the veteran could get to them easily. But that didn't work out. It was hard to get expert medical men, good service and the latest equipment in the smaller communities and because the regional organization was spread so thin, it was necessary to have a strong hand in Washington. The result was that the grip of that hand was so tight that the whole system was cramped.

Bradley put his finger on the situation (with the help of well-chosen counsel) and reversed the former policy. Now it's "bring the veteran to the hospital." Bring him by rail or plane in an emergency, but bring him to a well-manned, well-equipped center whose size and importance will attract the best there is in medical skill, when he needs specialized care.

Hand in hand with this regional centralization of the medical facilities, the new organization has decentralized the authority. As soon as Bradley looked over the set-up he said:

"This is like having a 150 regiments under one man. In the army that would be unthinkable. We'd break it down into corps and divisions at least."

And so that is what was done.

But first he made a sharp cleavage between the medical organization and the rest of the activities. He created a new office, "Acting Surgeon General of the Veterans' Administration." And he appointed the best man he knew, Major General Paul Ramsey Hawley, who had been chief surgeon for the European theater and did an outstanding job.

And here I wonder if there wasn't one of those important unconscious childhood impressions which helped. Bradley's middle name, Nelson, is for a well-loved family physician. And Bradley's fatherliness is attested to in his interest in the physical welfare of his men. Again and again war correspondents mentioned the fact that he planned engagements so that his troops would suffer the fewest casualties possible. He has an instinctive understanding of the afflicted.

BARBS... by Baukhage

Mahomet went to the mountain. The Mikado went to MacArthur. This, it seems only fair to say, merely demonstrates the excellent judgment of all parties concerned.

As I look back over a few decades I have enjoyed on this mundane sphere, the only things I regret seem to be the things I missed.

A lot of New Yorkers who had forgotten there were such things had to use stairs during the elevator men's strike. And this did more for the calves than if they'd taken the ceiling price off of veal.

Production of rubber heels is still behind demand. But there are still more of the other kind of heels than we need.

Squeezing Grapefruit
You can squeeze large grapefruit on an ordinary orange juice reamer if you cut the fruit in half lengthwise (rather than crosswise), halve again, squeeze each quarter on the reamer, pressing cut side against point of juicer. Smaller grapefruit can be cut in halves like oranges, juiced on regular reamer.

Butter Substitutes
Adding salt and sugar to oleo or other butter substitutes makes it more palatable.

NIGHT COUGHS

are eased, sticky phlegm loosened up, irritated upper breathing passages are soothed and relieved, by rubbing Vicks VapoRub on throat, chest and back at bedtime. Blessed relief as VapoRub

PENETRATES to upper bronchial tubes with its special medicinal vapors, **STIMULATES** chest and back surfaces like a warming poultice.

FATE LAUGHS AT PROBABILITIES

(WNU Service)

We have eggs and grain. HONDO PRODUCE CO. 2tc

Mineral Supplement for live stock at HONDO VETERINARY LABORATORY.

Keno Party, 3 p. m., Sunday, Nov. 4, in St. John's School, 25c. Everybody invited.

Among recent arrivals from overseas are G. H. Finger and J. P. Ney, Navy, and George Rucker, Army.

Mrs. Walter Schultz has as her guests at the Village this week her mother and sister of San Antonio.

FOR SALE—One 5-ft. Wheatland plow, in good condition, \$150.00. HENRY NESTER, D'Hanis, Tex. 2t.

Mr. and Mrs. Jacob Rothe of San Antonio visited her parents, Mr. and Mrs. Robert Richter, last week-end.

Complete line of dog remedies. Keep your pets in tip-top condition. See us. WINDROW DRUG STORE.

WANTED, to rent or lease from 50 to 250 acres of farm land. Dale Warnock, General Delivery, Hondo, Texas. 1tpd.

Just received shipment Jeris Combination Tonic and Hair Oil. \$1.35 value for 76c. FLY DRUG COMPANY.

Mr. and Mrs. Herman Koch were dinner guests in the home of Mr. and Mrs. Wm. Douglas and Mrs. Marvin Koch Sunday.

Prof. Oscar W. Peters is here from California on a visit to his aged father who has been seriously ill but is now improving.

In a draft call of Oct. 9th two Medina County men were inducted into the Army at Fort Sam Houston. They were Calvin Lloyd Hellums of LaCoste and Amado Lopez Ramos of Hondo.

Major John Cameron is enroute home from Iwo Jima, according to word received this week by his parents, Mr. and Mrs. Emmett Cameron. His wife has been making her home in San Antonio while he was overseas.

The Mothers' Club of St. John's School is sponsoring a benefit Keno Party Sunday, Nov. 4, beginning at 3 p. m., in the school. Admission, 25c; refreshments also will be on sale. The public is cordially invited to attend.

Mrs. Jack C. Melloy and little son, Michael, have returned from a two weeks' visit with Major Melloy at Barksdale Field, La. They were accompanied home by Major Melloy, who is leaving Saturday for his new station at Tampa, Fla.

Miss Patsy Lou Kollman, student at Trinity University, San Antonio, has been honored in her election as member of the Lancerettes, girls' club at the college. She was also elected as one of the co-captains of the group and was one of those honored at the "Kid Parade," the 1945 annual Lancer-Lancerette dance held on October 13th in the Student Lounge. Membership in the organization is based on cooperation, class spirit, general attitude, and leadership during the freshman orientation period. Miss Patsy Lou, daughter of Mr. and Mrs. R. L. Kollman, is a May graduate of Hondo High School.

The Freshman class of Hondo High School entertained with a Halloween party Tuesday night in the community center of the Village. Festive Halloween motif was used in decorations and refreshments of soft drinks and sandwiches were served. Games and dancing to the music of a record player made up the evening's entertainment. Chaperones were Mrs. Rudy Rath and Mrs. Christine Mayberry.

Mrs. P. Jungman, Miss Nora Karer and Miss Anne Davis of Hondo; Mrs. Matt Bader, Miss Lula Lee Means and Miss Isabel Johnson of LaCoste, and Mrs. Amos Finger, Mrs. Frank Hartman, Mrs. O. R. Humble, Miss Carrie Langfeld and Mrs. S. H. Willis of D'Hanis represented Medina County at the regional meeting of Delta Kappa Gamma in Uvalde Saturday.

Mrs. Wm. Burger of Dunlay was a caller at this office Tuesday to give us a change of address for her son, Ulrich Burger, who has been discharged from the Army and is now living in the Grauman Hotel, Hollywood, Calif. Ulrich spent some time in the E. T. O. and since his return from overseas has been stationed at Keesler Field, Miss.

Cpl. and Mrs. Tommy Marshall and two children arrived last week from Louisiana where he had been stationed since leaving Hondo Army Air Field several months ago. Mr. Marshall has been discharged from the Army Air Forces and for the present he and his family are making their home here. Mrs. Marshall is the former Jo Kelly.

Should I be out on call when you visit Hondo Veterinary Laboratory, see Leinweber or Fly at Fly Drug Co. They will take care of your needs. HONDO VETERINARY LABORATORY, Dr. E. L. KELLY.

Your favorite pipe tobacco at FLY DRUG COMPANY.

Select your doll now. Shipment just received. FLY DRUG COMPANY.

WE HAVE BATTERIES TO FIT ALL TYPES OF CARS. WESTERN AUTO ASSOCIATE STORE.

Just received shipment of Old Spice Body Powder, Toilet Water, Talcum and Perfumes, at Fly Drug Co.

D.D.T. is here! Powder and liquid now on hand. Come in and get yours while it lasts. Windrow Drug Store.

Going-Away Gifts—gifts of remembrance. Come in and pick them out at WINDROW DRUG STORE.

FOR TILE CONSTRUCTION AND PLASTERING SEE OR WRITE G. O. BRADEN, HONDO, TEXAS, BOX 383. 4tpd.

FOR SALE—Three lots on South side—one-half block off Highway 90. See Hondo Land Co., at Anvil Herald Office or phone 127. 1t.

FOUND—Lady's wrist watch. Owner may recover same by describing same and paying for this ad. Apply Rath Home and Auto Supply. 1tpd.

Mrs. R. M. Chapman was called to San Antonio Wednesday on account of the sudden death of a heart attack of her uncle, Mr. J. R. Chambers, 67.

Ferd Rock Jr. left Thursday for his station in Alameda, Calif., after an extended visit with his parents, Mr. and Mrs. Ferd Rock, and sister, Miss Ursie Lee Rock.

Mrs. Ferd Rock returned last week from San Antonio where she spent several weeks at the bedside of her sister, Miss Eileen Frabel, who passed away one day last week.

Melvin Barth, son of Emil Barth, is home with his honorable discharge from the army after serving three years and eleven months in the army, 27 months of which were spent in the European Theater.

F. C. Evans, manufacturer of Sud-Car-Dine, the well known skin eruption remedy, was here Wednesday promoting the sale of his preparation. Both local drug stores sell the product.

Sgt. Lewis R. Boehle, back on Sept. 17th from 8 months service overseas and now making his home in San Antonio, was here during the week visiting his parents, Mr. and Mrs. George Boehle on Route A.

Mrs. Eugene Boos and two little sons, Jack and Rudy, and accompanied by Mrs. Joe Hubertus, were pleasant callers at this office Tuesday. Mr. and Mrs. Hubertus are recent arrivals from Selma, Texas, and plan to make their future home here.

Mr. and Mrs. Stanton (Bud) Chapman spent the weekend in San Antonio with his mother. Bud, who returned recently from Germany where he was a prisoner of war, was honorably discharged from the Army Air Forces two weeks ago at Randolph Field.

FOR SALE—One 26-ft. Glider House Trailer, reasonable; one portable electric iron, \$40; one small radio, \$35; also one electric fan, 16-inch quarter horse motor, \$45. CHARLES HERSHEY. Please call after 6 P. M. at Johnson's Trailer Camp. 1tpd.

CALVIN J. LINDEBURG DIES IN SAN ANTONIO

Calvin J. Lindeburg, aged 17 years and 13 days, died in a hospital in San Antonio on Oct. 17, 1945. He was the eldest son of Mr. and Mrs. Hy E. Lindeburg of New Fountain. The youth was born Oct. 4, 1928, at New Fountain.

He became ill last July from a small skull fracture sustained while diving. This attack passed with no outward effects. A specialist had been consulted, but he decided the severe pain was caused by sinus trouble. About 10 days before death came, the young man became very ill. Everything that loving care and medical science could do were done but to no avail.

He was a member of the New Fountain Methodist Church and a member of the Young People's Sunday School class. He was a member of the Senior class of Hondo High School, a football player and a member of the F. F. A.

To mourn his untimely death are, besides his bereaved parents, two sisters, and a brother, many relatives and friends. The esteem in which he was held by those who knew him was manifest in the beautiful floral offering.

He was laid to rest at the Quibi Cemetery on Oct. 18, 1945, with Rev. W. B. Wheeler officiating. Pallbearers were members of the football team.

Like David of old, we must say, "Buddy won't be back but we can go there."

A FRIEND.

DEVINE MAN DIES SUDDENLY

Mr. Herbert Haas, 48, of this city, died suddenly at his home in Devine, at 7:30 a.m., Monday, Oct. 22, 1945. He had his breakfast, and started to work, falling before he got away. He was a native of Medina County, son of Mr. and Mrs. Phillip Haas of the Dunlay community, leaving his wife, Mrs. Eunice Haas; four brothers, Paul, of Devine; Arthur, Arnold and Monroe, of Dunlay; five sisters: Mrs. Clara Gerteiser, of Hondo; Mrs. Robert Newman, Mrs. Lorena Haas and Mrs. Lilly Haas, of Noonan, and Mrs. Ethel Sauls, San Antonio; and many other relatives and friends without number. Funeral services were held at the Redus Funeral Chapel, with Rev. Falkenberg, Lutheran minister of Castroville, conducting the sad rites. Burial in Evergreen Cemetery, Tuesday evening. —The Devine News.

He was born on March 20, 1897, in Medina Co. He was baptized as an infant on May 16th, 1897, and later when he reached confirmation age he received a thorough instruction in God's Holy Word, and was then confirmed on March 20, 1910. He grew up as an obedient son in the home of his parents. When he reached manhood he chose Miss Eunice Griffin as his life's companion. They were married at Uvalde, Texas. Pallbearers at the funeral held in Devine were Pete Shaw, Harold Shaw, Jack Kimberlin, J. V. Penland, Bill Dawson and Willie Ehlinger.

Mrs. Herman Finger and Mrs. E. E. Cureton were over from Sabinal Monday night for the game party sponsored by the Hondo Business and Professional Women's Club.

Mr. and Mrs. Henry Merriman visited Mr. and Mrs. O. G. Wellborn in Austin last weekend. They were accompanied home by Mrs. Wellborn and daughter, Sharon, for a few days visit.

Mr. and Mrs. Charles Filleman received a wire Tuesday from their son, S/Sgt. Harry Filleman, telling of his arrival in Philadelphia, Pa., from several years overseas in Africa and Italy. He is expected home in a few days.

Margaret Jeanne is the name of the infant daughter of Sgt. and Mrs. John C. Lee, born Oct. 15, 1945, at Medina Hospital. Mrs. Lee is the former Mary Frances Van Fleet, daughter of Mr. and Mrs. Clarence Van Fleet of Hondo.

T/Sgt. Milton C. Wiemers arrived at Dodd Field, San Antonio, last week-end after serving 29 months in the Pacific theatre of operations. He has received his honorable discharge and is now visiting his parents, Mr. and Mrs. George H. Wiemers.

Mr. and Mrs. Ernest Phillips and daughters of San Antonio spent the weekend with her mother, Mrs. Agatha Murray. Mr. and Mrs. Phillips recently returned to San Antonio from Roswell, New Mexico, where he was in government work. He since has returned to his former work with the San Antonio Express.

Mrs. A. J. Cruze, the former Anna Marie Saathoff of Hondo, has arrived in San Antonio from San Francisco, Calif., to await the arrival of her husband who is now at Seattle, Wash., awaiting release from the Coast Guard. They will then come to Hondo to visit her parents, Mr. and Mrs. H. H. Saathoff and other relatives here.

Lt. Wallace Heath arrived Saturday from New York City on a few days visit with his mother, Mrs. L. E. Heath, who accompanied him to San Antonio Sunday where they are guests of their sister and daughter, Mrs. C. D. Eddleman, and son Jack. Lt. Heath recently returned from the Philippines and reports back to Fort Dix, N. J., for discharge.

blue. All carried sheaves of pink gladioli and also wore gladioli in their hair.
Immediately after the ceremony the bridal party and invited guests repaired to the home of the bride's parents, where an all day celebration of the happy event was held.
A wedding dance was held at night at the Quibi Gun Club Hall at Quibi with music furnished by the Melody Kids orchestra of San Antonio.
Mr. Stein, who has served with the armed forces for over three years in the European theatre, received his honorable discharge on Sept. 8, 1945.
After a short honeymoon spent in Corpus Christi and other points of interest, the newly wedded couple are making their home on the Stein farm near Rio Medina.

PFC. EDWIN K. GRELL IS DISCHARGED
SANTA ANA, Calif.—Pfc. Edwin K. Grell, son of Charles W. Grell of Box 61, Hondo, Texas, has been honorably discharged from the separation base maintained here by the Army Air Forces.
Pfc. Grell is a veteran of 43 months of service in the Army Air Forces. He served in the European Theater of Operations for 18 months.
The AAF has awarded him the European theater ribbon with two battle stars and a Presidential Unit Citation with one cluster.
Brig. Gen. Arthur E. Easterbrook, commanding general of the SAAAB, declared:
"The fact that a man has served honorably with the AAF marks him among the cream of the crop. We think many of tomorrow's leaders will spring from the outstanding young men who have made up the victorious Army Air Forces."
Before entering the service Grell was employed by Palle's Bargain Store in Hondo.

STATIONED IN TOKYO
FAR EAST AIR FORCES-TOKYO—Sergeant Mervyn Poerner of 1321 West French Place, San Antonio, one of the first American soldiers to arrive in Japan, is now stationed in Tokyo with advance headquarters of General George C. Kenney's Far East Air Forces. He is assigned as FEAF supply sergeant.
A veteran of 29 months in the service, Sergeant Poerner has been overseas five months. He holds the Asiatic-Pacific Theatre ribbon with a bronze star denoting the Luzon campaign, and the Philippine Liberation ribbon.

The 30-year-old San Antonio soldier was employed by the United States Civil Service prior to entering the service and he plans to return to his former position after his release from the Army.
His wife, the former Naomi Nugent, resides at the above address in San Antonio. His father, Mr. Henry Poerner, lives in Hondo.

RECEIVES DISCHARGE
GREENSBORO, N. C.—Sgt. Jack M. Fitzpatrick, son of Mrs. Laura C. Bless, Hondo, Texas, was awarded his Honorable Discharge here, at impressive ceremonies officially separating him from the Army Air Forces. The operation of this post, under the command of Colonel Paul R. Younts, one of a network conducted by the Army Air Forces Personnel Distribution Command, processed and prepared him for a speedy return to civilian life.
While at this post for only a short time, he was offered a large field of recreational activities, while awaiting his Honorable Discharge. He is a veteran of 28 months with the 8th Air Force in Europe.

NIGHT COUGHS due to colds are eased, sticky phlegm loosened up, irritated upper breathing passages are soothed and relieved, by rubbing Vicks VapoRub on throat, chest and back at bedtime. Blessed relief as VapoRub PENETRATES to upper bronchial tubes with its special medicinal vapors, STIMULATES chest and back surfaces like a warming poultice. Often by morning most of the misery of the cold is gone! Remember—ONLY VAPORUB Gives You this special double action. It's time-tested, home-proved... the best-known home remedy for relieving miseries of children's colds. **VICKS VAPORUB**

Thirst Thought

Your first thought after the game, or after work, is to satisfy that thirst. So, naturally you call for a frosty bottle of PEARL Beer, the keener, quicker quencher that's tops for taste. Pour it leisurely, as it was brewed. Sip its mellow goodness through its creamy collar, and you'll see why it's "thirst-choice" of taste-wise Texans. You'll like PEARL'S taste-tempting tang, its perfect balance of quality, body and flavor. When thirst calls, join Texas' call for beer at its best... delicious, sparkling PEARL Beer.

Brewed to Texas Tastes Since 1886 by the PEARL BREWERY OF SAN ANTONIO

Children's Shoes

There are numerous cases of children wearing ill-fitting shoes, usually too small for them. Such foot troubles as callous formations, ingrown toenails, and incipient bunions may result. When the individual is standing, the shoes should be about one-half inch longer than the toe. The widest part of the shoe should fit the widest part of the foot. The toe of the shoe should be rounded enough to allow room for all toes. The counter of the shoe should fit snugly around the heel.

Illinois Cropland

Corn, soybeans, oats and hay comprise 90 per cent of the total cropland in Illinois.

Whip Soap Flakes

Whip your soap flakes in a little hot water with an egg beater and you will need fewer flakes and get better results.

Canned Carp

A Minnesota manufacturer is about to can carp and market it, grated, tuna-style, under the name of "Lakefish."

Garden Superstition

As late as 1740, people in New England thought potatoes would shorten men's lives and make them unhealthy.

Remove Gum Spot

To remove chewing gum from clothing, rub the spot with ice until the gum rolls into a ball, then scrape it off.

Gleaming Windows

Windows will gleam if washed with water containing a little witch hazel—which benefits your skin, too.

Launder Bath Towels

New bath towels should be laundered before they are used to make them absorbent.

MRS. JACK TRACY
IS HAPPY NOW

KNOXVILLE, TENN.—Mrs. Jack Tracy, 1632 Martin Mill Pike recently wrote this letter to Faultless Starch Company:

"I am writing you just a line to express my happiness after starting to use Faultless Starch. It makes my wash turn out lots better on ironing days. I am very grateful for this wonderful starch. I will use no other starch as long as I can get Faultless Starch."

Have you ever used Faultless Starch? It is a different kind of laundry starch. And as Mrs. Tracy says, "It makes my wash turn out lots better on ironing days. I am very grateful for this wonderful starch." Special ingredients mixed into Faultless Starch make this wonderful difference.

Save Starch-Cooking Time

One big difference in Faultless Starch is that you don't have to cook it to make it turn clear. Just cream Faultless Starch with a little cool water. Then add boiling water while stirring. That's all. This advantage alone can save five to fifteen minutes of hot, tiresome work each busy washday.

MAKES IRONING EASY

Another big difference in Faultless Starch is that it makes ironing smooth, easy, beautiful. Here again special ironing-aid ingredients do the "work" for you—saving you the pulling and pushing that comes with a "sticky" iron. Your iron goes smoothly along—makes ironing a joy, not a job.

You want your wash to look clean, fresh and beautifully ironed. So let Faultless Starch help you. You deserve the advantages of Faultless Starch. Start using Faultless Starch now — and you will probably say, as Mrs. Tracy says, "I will use no other starch as long as I can get Faultless Starch." So ask your grocer today for Faultless Starch.—Adv.

FAST RELIEF

From Too Frequent Urination,
Backache, Run-Down Feeling

—due to irritation of the bladder
caused by excess acidity in the urine

Famous doctor's discovery acts on the
kidneys and helps keep you from getting
up nights!

Are you suffering unnecessary discomfort and distress from backache, burning urine, frequent desire to pass water? Getting up often at night? These symptoms may be caused by bladder irritation due to excess acid in the urine. Then try that famous doctor's discovery — DR. KILMER'S SWAMP ROOT.

Famous for many years, Swamp Root is a carefully blended combination of herbs, roots, balsam and other natural ingredients. There's absolutely nothing harsh or habit-forming in this scientific preparation. Just good ingredients that quickly act on the kidneys to increase the flow of urine and relieve bladder irritation and its uncomfortable, distressing symptoms. You'll say its marvelous effect is wonderful!

Send for free, prepaid sample TODAY! Like thousands of others you'll be glad that you did. Send name and address to Department F, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Offer limited. Send at once. All druggists sell Swamp Root.

Chemists Strengthen Low Grade Lumber,
Promise Profitable New Field for FarmersTreated Wood Almost
Hard as Metal.

By BARROW LYONS
(WNU Washington Correspondent.)

The alchemy of modern chemistry suddenly has prepared a new field of profit for farmers. By the use of relatively inexpensive equipment and by the application of certain cheap chemicals, ordinary soft woods can be transformed into material of almost any desired hardness and color.

Not only does this multiply the uses for which wood may be used in building and furniture manufacture, but opens possibilities for its use under conditions of pressure, humidity and moisture that formerly only metals and plastics could satisfy. Also, the decorative value of many woods can be vastly enhanced. And fast growing species of trees, use of which was formerly limited, can now be grown like crops to replace the slower growing varieties.

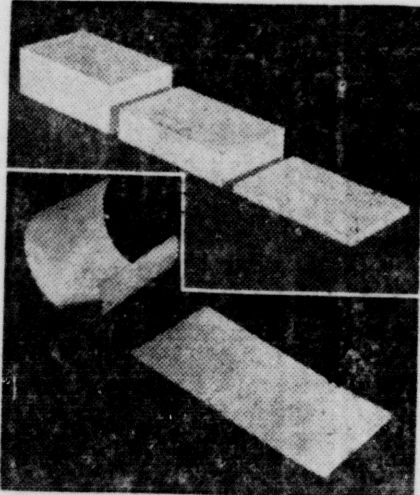

These facts were revealed recently by Dr. J. F. T. Berliner of the ammonia department of E. I. du Pont de Nemours and company, who recently told a group of scientists and writers about the development of the chemical called methylolurea, the reagent which transforms the inner structure of wood into new substances.

The chemicals used in this process cost only 3½ cents to 4½ cents per board foot treated, although the cost of equipment and labor will add to that figure in producing the new product. For the average veneer the cost of chemicals used amounts to less than two-tenths of a cent per square foot.

This development assumes unusual significance in view of recent efforts of the department of agriculture to bring about a new realization of the potential importance of the woodlot to the farmer. John F. Preston, U. S. soil conservation service, estimated a few weeks ago that the income to farmers from farm woodlands could be increased to \$500,000,000 a year, or more. The discovery of the Du Pont chemists may considerably raise this estimate.

Income from Woodlot.

"Farmers are interested in woodlands not only as sources of income with which to pay taxes, buy seed,

Top—Compressed treated wood becomes very hard and dense. The three balsa blocks in the picture were all originally the same size, but the second and third from the left have been subjected to heavy pressure. The thinnest, at the right, is now harder than any known wood, and 10 times as heavy as the original balsa. Balsa is one of the softest and lightest woods known.

Below—Remarkable resistance of treated wood to warping is shown by this test, the result of which is pictured. Two strips of veneer, one treated and one untreated, were placed on wet towel. The untreated strip curled up, while the impregnated remained flat.

shoes, clothes and put up buildings," Mr. Preston said, "but also as means of building up wood reserves to create an income balance wheel. We might call it an ever-normal woodbin. Farm forestry has long served such a purpose in European countries.

"Originally there were 913 million acres of forest land in this country, but 60 per cent of this was converted into farms, and farms now occupy fully half of the land area of the United States. The move now is to reconvert much of this cleared land to farm woodlands.

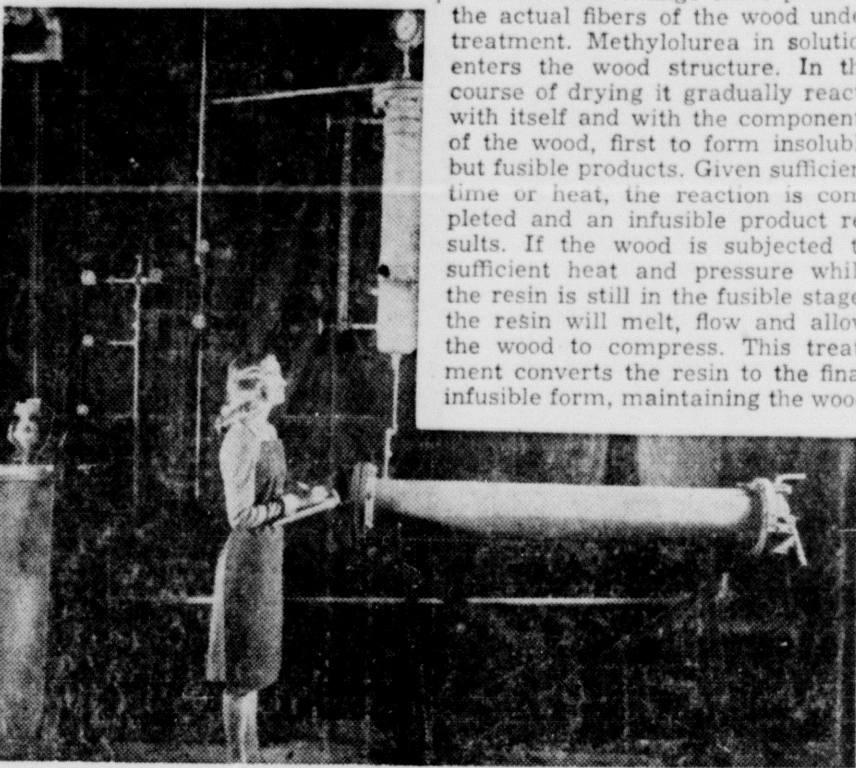

"On farms today, 12,500,000 acres — mostly abandoned fields and gulches — are suitable only for reforestation. Of this large acreage, only 15 per cent is in the south. Sixty per cent is in the central region between Iowa and Missouri on the

west, and New Jersey, Pennsylvania and New York on the east. Three and one-half million acres are considered desirable for shelter belts."

The soil conservation district program, under which the farmers themselves decide what lands are suitable for woodlands, today offers a practical opportunity for giving the Du Pont process a real tryout.

By means of the process, wood can be made for the manufacture of doors, windows and drawers that will not swell and stick, or contract and become loose. Wood can be made strong enough to substitute for even steel in certain machinery parts. In a few days woods harder than ebony, which take a century to grow, can be made at small expense.

Poplar becomes harder than hard maple, which in turn can be made

Impregnating apparatus in the Du Pont experimental laboratories is rather simple. The wood is placed in the horizontal cylinder. The overhead tank contains the solution of methylolurea, which flows down and impregnates the fibers of the wood. A vacuum is first created in the cylinder, then pressure.

harder than the hardest tropical woods. The compressive strength of wood is so increased, and other properties imparted, that in fact a new material is created, which can be called "transmuted" wood. By this process, near-at-hand species of woods that grow on your own woodlot can be made as useful as the costlier, scarcer varieties, many of which are imported from distant lands.

Won't Warp or Shrink.

Furniture made from the transmuted wood can be shipped throughout the world to humid tropics or dry areas with assurance that it will not warp, swell or shrink. A built-in finish is imparted so that scratches may be removed by simply smoothing and rubbing. By mixing dyes with the impregnating chemicals, light-colored pine may be given the color of cherry, mahogany or ebony; or the wood may be made green, purple or any bright color throughout.

Veneers sufficiently treated become self-bonding, requiring no adhesive to be formed into plywood, since heat and pressure fuse the product into a hard, dense substance. Even sawdust, shavings and similar woodwastes may be moulded into articles with dyes incorporated.

Methylolurea — pronounced methyl-ol-urea — is compounded by adding urea to dimethylolurea. Both materials are white and soluble in water. They are produced from ammonia, carbon dioxide and methanol, which are synthesized from coal, air and water. Urea results from the reaction of ammonia and carbon dioxide. Formaldehyde, which is derived from methanol, condenses with urea to form dimethylolurea.

These chemicals are being produced cheaply on a large scale, but are under allocation by the war production board. Small quantities for investigation and preliminary tests, however, can be obtained without formal allocation. After the war large quantities can be obtained.

The equipment required may be quite simple. In fact, most of the apparatus now used in impregnating wood with various substances, such as creosote and flameproofing chemicals, can be adapted with minor alterations.

Because of shorter treating periods, however, smaller scale equipment can be used. An ingenious mechanic who understood the principles of the new process could rig up equipment from elements on hand in most plants, the chemists declare.

Equipment Simple.

All that is required is a chamber capable of withstanding the neces-

sary vacuum and pressure in which the wood is placed. A steam jet ejector is an effective, simple means of producing the vacuum. The chamber should be equipped with a pressure door or removable head, and with a source of vacuum and of pressure. A tank for preparing the solution, an auxiliary overflow tank, and means for drying the wood are also needed. Mild steel equipment may be used.

The chemicals are no more corrosive than water, and are neither flammable nor poisonous. To prevent rusting, it is desirable to apply a waterproof finish to the exposed surfaces of the equipment. This type of equipment could be set up and operated in almost any lumber handling concern throughout the country.

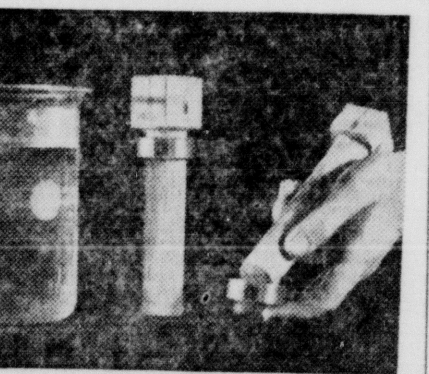

A chemical change takes place in the actual fibers of the wood under treatment. Methylolurea in solution enters the wood structure. In the course of drying it gradually reacts with itself and with the components of the wood, first to form insoluble but fusible products. Given sufficient time or heat, the reaction is completed and an infusible product results. If the wood is subjected to sufficient heat and pressure while the resin is still in the fusible stage, the resin will melt, flow and allow the wood to compress. This treatment converts the resin to the final infusible form, maintaining the wood

in the dimension resulting from the press.

Thus, treated wood may be compressed to produce a stable, extremely hard, dense product with a consolidated closed surface requiring no filling, sanding or polishing.

It is possible to apply moderate pressures sufficient to compress and consolidate only the surface or outer zone of the treated wood to produce a hard finish. If polished or embossed platens are used, these finishes can be reproduced on the surface of the wood. As far as is now known, the treatment does not have any adverse effect on the gluing and finishing characteristics of the wood. Flame resistance is improved, and the wood is also more resistant to fungi, rot and pest infestation.

But from experiments made in Du Pont laboratories, it appears certain that a process has been developed which will give new value to the trees standing on every farm woodlot. That should give an impetus to reforestation of many marginal farms, bringing back a woodland

Treated wood doesn't swell while wet, or shrink when dry. In this test, two dowels of exactly the same diameter were fitted with brass rings that would just slip off. Then the dowels were soaked for about 24 hours. It was found that the ring on the treated dowel would slip off as easily as before, but the untreated dowel was so swollen that the ring could not be removed.

cover to the soil that will conserve rainfall and lessen the danger of floods.

The scientists who perfected this process say there are in the United States some fifty species of tree now used for industrial purposes, and nearly 1,000 types for which no practical use has been found, largely because of their softness. With this new magic applied to the very soft woods, all can now be added to the resources which will help to make a victorious postwar America something like the dream which the technicians have envisaged.

Two pieces of wood, one impregnated with methylolurea and the other untreated, were exposed to the flame of an alcohol burner. The untreated wood soon took flame, while the impregnated merely chars.

At right is shown a demonstration of hardness. Two blocks of wood, one treated, the other untreated, but otherwise exactly the same, were squeezed with a "C" clamp to the same extent. Untreated wood shows a deep depression, while treated wood was scarcely dented.

ATOMIC BOMB CREATES
SUPER-SPY SYSTEM NEED

WASHINGTON—Major General Wild Bill Donovan bowed out of the first real American intelligence service (OSS) with a somewhat cool-sounding response from President Truman to his idea of developing his line of effort further for peace. Mr. Truman cut up OSS, sending part to the War Department, but most to State. The Donovan notion of hiring someone like Sumner Welles, the ex-diplomat, to keep intimate and independent watch on the inner international world, was left hanging in air—somewhat foggy air.

General Donovan has never been a glamour boy. He is a rather crusty soldier-lawyer. Those who know what he did in the confidential special agent part of the war say his work in the Balkans particularly was excellent and could have been done by no one else as well. Into his organization, however, crept a number of persons who did not fit the best nature of the endeavor and gave it distaste with Congress. I think this fairly sums up OSS. It did great work, but was not popular. (I can never learn what accomplishments popularity in this era when a bank robber can possibly attain it by merely being for the 30-hour week or some such social innovation.)

In the wake of this peculiar condition, congressmen are arising to shout "There will be no American Gestapo," and I assume also they mean no OGPU or NKVD. Indeed there will not. But there is a grave danger that the first vital necessity for a secure postwar world will be ignored and stunted aside by muddleheaded political thinking about it.

If you thought Pearl Harbor a surprise and blitz warfare sudden as lightning, you are already old-fashioned and obsolete in your thinking. The next war will start like a flash—the brilliant blinding flash of the atomic bomb. If our defenses were archaic last time, they will be pitiful next time unless our officials know everything going on in this world. Advance knowledge is more essential to defense in a future world than a superior air force, an army or fleet.

Not the Fascists or the Communist nations, but the British, a democratic nation, have the best world intelligence. It was built up through generations. Their survival depended upon it, because their little islands had absolutely nothing to justify their superior position in the world, except an awareness of the facts of national existences and a superior shrewdness in using them. That is what we need—only a better one.

It cannot be an army enterprise because the army covers only one phase of world facts influencing peace and security. It cannot be navy, marine corps, or merely all three together, because diplomacy must be founded upon such information. (The British even move commercially from such realistic ground news.) It cannot be split, or you will have each department performing again the coordination they showed about Pearl Harbor—namely none.

INDEPENDENT BUREAU
NEEDED

Consequently it must be an independent bureau covering at least these government elements and probably more (Justice Department and FBI.) Furthermore, the head must be a man whose character and personality guarantee full pursuit of the business to be done, and a complete disavowal of any political implications in the work. He must not be a leftist or right or even a professional Democrat or Republican. That service must lean over backwards to keep itself politically inviolable, and beyond even the faintest suspicion of political use. (The British know how to do it.)

The only limit on its appropriations should be our need of information. If we need the information—get it. If the spenders want to let Treasury money loose, here is one place where they could get something out of it. Some interested parties wish to limit the scope of activity to foreign information. It should be limited only by need. If it is found counterproductive in this country it requires action, no political softpeddling considerations should be allowed to stand in the way of getting it.

Cloudless Skies

When Australia starts developing its infant film industry and decides to build a counterpart of Hollywood, it won't be able to set it up in central Australia. The weather's too dry there for film-making. Clouds needed for essential pictorial effects in the cattle-droving epic, "The Overlanders" were so rare that on one occasion they had to race 60 miles across a tableland to catch up with a herd of cattle and photograph them while the thin, fleeing clouds were still around.

Lean Fish

If lean fish is used for broiling or baking, brush generously with fat or french dressing.

SNAPPY FACTS
about
RUBBER

A man's social position in Java is said to be determined by the number of spare tires he carries on his car. The more spares, the greater the owner's prestige among the natives.

Fliers can breathe easily at altitudes of 80,000 feet in a pressurized strato-suit developed by B. F. Goodrich.

If one wants to open a tire store in Amsterdam, Holland, he must pass an examination demonstrating his proficiency as a bookkeeper and an executive.

B. F. Goodrich made and sold the first tires containing synthetic rubber in June, 1940.

PAZO for PILES
Relieves pain and soreness

PAZO IN TUBES!
Millions of people suffering from simple Piles, have found prompt relief with PAZO ointment. Here's why: First, PAZO ointment soothes inflamed areas—relieves pain and itching. Second, PAZO ointment lubricates hardened, dried parts—helps prevent cracking and soreness. Third, PAZO ointment tends to reduce swelling and check minor bleeding. Fourth, it's easy to use. PAZO ointment's perforated Pile Pipe makes application simple, thorough. Your doctor can tell you about PAZO ointment.

SUPPOSITORIES TOO!
Some persons, and many doctors, prefer to use suppositories, so PAZO comes in handy suppositories also. The same soothing relief that PAZO always gives.

Get PAZO Today! At Drugstores!

Famous to relieve MONTHLY
FEMALE
MISERY

(Also Fine Stomachic Tonic!)

Lydia E. Pinkham's Vegetable Compound is famous to relieve not only monthly pain but also accompanying nervous, tired, high-strung feelings—when due to functional periodic disturbances. Taken regularly—it helps build up resistance against such distress. Pinkham's Compound helps nature! Follow label directions. Try it!

Lydia E. Pinkham's VEGETABLE COMPOUND

Kidneys Must
Work Well—

For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headache, dizziness, rheumatic pains, getting up at night, swelling.

Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

DOAN'S PILLS

Beware Coughs
from common colds
That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

Alimony Debtor Recalls

Bank: Hoard in Time
DETROIT, MICH. — Just as Leslie Peck was being sentenced recently to a year in jail for alimony arrears, he recalled he had some money in a safe deposit vault. They found 17 \$100 bills.

The alimony arrears for Mrs. Hal Peck and four children totaled \$1,708. Peck, a tool and die maker, dug up \$8 more from his pocket, and Circuit Judge James E. Chenot reversed the sentence.

Slower Curtains

All types of shower curtains should be spread out to dry. Water-repellent fabrics may be cleaned by sponging or brushing gently with thick soapsuds. Rinse in clear lukewarm water and press, protected by a cloth, with a warm, not hot iron, while damp. Transparent and coated materials should not be ironed at all.

Gold Rush Trails

After the summer of 1849, it was said that the trails across the western deserts were easily followed, marked by discarded dry bones of animals, newly marked graves and other signs of the gold rush trails.

Prevents Coal Rattle

To avoid the rattle of coal in a furnace or fireplace, fill a few large paper bags with coal and lay them on the fire as needed. As the bag burns the coal falls gently into place with no noise.

Grapefruit Halves

To make grapefruit halves sit flat, without wobbling, remove button from stem end with a pointed knife. Press down each end of fruit on table surface with palm of hand to flatten ends.

Fresh Flowers

Flower shops in the east soon will be selling California potted plants in bloom. The air transport lines are making arrangements with the growers to ship the sub-tropical plants.

Chemical Disease

In cancer, in which a group of cells go on a rampage and divide without following any law, 200 chemical compounds are now known to produce the disease.

Short Apple Crop

The 1945 apple crop in New England was the shortest since 1910. It is even smaller than the 1921 crop which old timers thought was a terrific disaster.

Mildew Prevented

After using bath towels, spread them out on racks to dry instead of folding or bunching them. In hot weather soggy towels can mildew overnight.

Rabbit Meat

Domestic rabbit meat is pearly white, fine-grained, nutritious and palatable and may be served throughout the year.

Vitamin Source

Potatoes eaten daily give as much as one-quarter of the vitamin C quota, some B vitamins, and other minerals and starch.

Sugar Restrictions Prevent Solution Of Dessert Problems

Mounds of creamy ice cream ride on top of peach halves set on squares of tasty, hot milk sponge cake. A dessert sauce made of the peach juice is a delightful foil for the fruit, ice cream and cake.

Now that food rationing has loosened up in most of the eatable goods, and we are once again able to get back on a prewar standard, cooking problems need not be pressing. However, in spite of this lifting of restrictions, we still have at least one major problem—that of sugar. Little relief is in sight right now, and the situation will probably prevail for some months. What shall we do about dessert?

Well, first of all there are fruits which can be dish up in any number of perfectly delightful ways. There's whipped cream and ice cream, and, of course, sugar substitutes.

One cup of sugar or less is a good rule to follow if you are using recipes calling for this sweet but scarce commodity. If your cake calls for 1½ cups of sugar, use ¾ cup of sugar with ¾ cup of corn syrup. In this case you must use 2 tablespoons less milk than the recipe calls for and 2 tablespoons of flour, additional.

The fat scarcity also limits us to some extent on the baked goodies we want to make. That's why sponge cake will be popular, as in this following recipe:

Peach Sponge à la Mode. (Serves 8)

Sponge cake
1 No. 2½ can peach halves
1 quart vanilla ice cream
Dessert sauce

The cake used uses 4 eggs and is made with scalded milk to give it a fluffy texture:

Sponge Cake.

2 cups sifted cake flour
¼ teaspoon salt
2 teaspoons baking powder
4 eggs
1 cup sugar
1 cup milk, scalded
1 teaspoon vanilla
3 tablespoons butter, melted
Sift flour and measure. Sift three times with salt and baking powder. Beat eggs with rotary beater until thick and lemon colored. Add sugar gradually and beat until fluffy. Fold in flour mixture, then milk, flavoring and melted butter. Fold until well blended. Pour into square cake pan lined with waxed paper. Bake in a moderate (350-degree) oven for 30 minutes. Cool in pans.

Dessert Sauce.

Liquid from peaches
2 teaspoons granulated sugar
Remaining peach halves, chopped
¼ cup salted almonds, sliced
1 tablespoon brown sugar
Cook the peach liquid down to ¾ cup. Stir in the granulated sugar

Lynn Says:

Make Meals Good: No family enjoys eating the same, same foods every meal. It's a good idea not to repeat dishes more than once every three or four weeks. Even favorite foods get monotonous when served too regularly. To get contrast in every meal, follow the basic seven charts to see that you get in all different types of foods.

In planning a meal, have some things crisp, others soft, and still others hard. For example, meat can be the "soft" food, while broccoli or salad add the crispness, and rolls are the "hard" part.

Try to combine colors, too. Cauliflower, potatoes and creamed chicken may all be good, but they don't stimulate the appetite. However, consider the colorfulness of creamed chicken with french fried potatoes and peas with carrots.

There should also be a combination of hot and cold dishes. Even with a salad luncheon, the hot foods can be soup and coffee. Some cooked, some raw is another good rule. Be sure to have a salad—a big one, too, if you are having roasted meat, cooked vegetables and pie or pudding, which are all cooked.

Lynn Chambers' Menu

Braised Liver with Vegetables
Creamed Potatoes
Celery Sticks
Molded Plum-Pear Salad
Corn Sticks Honey
*Open-Faced Apple Pie
*Recipe given.

and chill. Serve over the peach halves à la mode and top with nuts mixed with brown sugar.

To serve, arrange a peach half on a square serving of cake. Top with a mound of ice cream and serve with the dessert sauce.

If it's apples you want, then you will like this pie which is easy on fat because it does not have to have a top crust. It uses an egg for richness and flavor:

Open-Faced Apple Pie. (Serves 6 to 7)

3 cups sliced apples (about ¼ pound)
1 egg, well beaten
¾ cup sugar
1 tablespoon flour
½ teaspoon cinnamon
½ teaspoon grated lemon rind
¼ teaspoon salt
2 tablespoons melted butter
Plain pastry for 1 crust (about 1 cup flour)

Line pie pan with pastry, building up the edge. Fill with sliced apples. Add remaining ingredients to beaten egg; beat well. Pour batter over apples. Bake in a hot (425-degree) oven for 25 to 30 minutes.

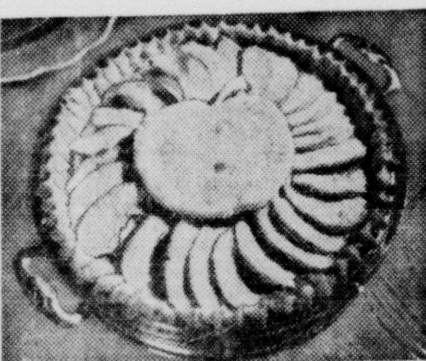

Apples which are best to use in this type of pie are Rome Beauty or MacIntosh.

Black walnuts can lend a distinctive flavor to pie when fruit supplies dip to a low during the cooler weather as in this recipe:

Black Walnut Pie.

2 cups milk
1 cup sugar
6 tablespoons flour
2 egg yolks
¼ teaspoon salt
1 teaspoon vanilla
2 teaspoons butter
1 cup black walnuts
Baked pastry shell
Whipped cream

Make a custard of the milk, sugar, flour and egg yolks, cooking until thick in a double boiler. Add salt, vanilla and butter. Cool. Add nutmeats and pour into a baked pastry shell. Let set and cool. Serve with whipped cream topping.

This novel apple pie saves shortening by using just one crust. For delicious flavor and good, old-fashioned heartiness, add an egg to the apple mixture.

The old-fashioned puddings are always popular because of their molasses sweetness and fragrant spices. Suet is usually used for the base, but one of the fats may be substituted if it is unavailable. Buttermilk is used to give that fluffy texture which is so appetizing.

Quaker Pudding. (Serves 10)

2½ cups sifted flour
1½ teaspoons soda
½ teaspoon salt
½ teaspoon nutmeg
½ teaspoon cinnamon
1½ cups buttermilk
1 cup ground suet
1 cup molasses
1 cup raisins or other chopped dried fruit, or candied fruit
¾ cup rolled oats

Sift flour with soda and salt. Add all other ingredients in order given and mix thoroughly. Pour into two one-quart greased molds. Cover and steam for 3 hours. Serve with Foamy or Orange sauce.

Stuff green peppers with creamed chicken or turkey and rice. The peppers should be parboiled first, and after stuffed, they may be heated for 10 minutes in a moderate oven.

If you like stuffed green peppers, try them with a stuffing of corned beef hash mixed with onion. It's mighty good.

Like sweet potato pudding? One way to make it is to mash six cooked sweet potatoes with 6 tablespoons butter, 2 tablespoons grated lemon rind and 1 cup of orange juice. Bake this mixture in a greased casserole in a moderate oven for 15 minutes.

Released by Western Newspaper Union.

Veterans' SERVICE BUREAU

EDITOR'S NOTE: This newspaper, through special arrangement with the Washington Bureau of Western Newspaper Union at 1616 Eye Street, N. W., Washington, D. C., is able to bring readers this weekly column on problems of the veteran and serviceman and his family. Questions may be addressed to the above Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

Small Business Aid

The small business division of the U. S. Department of Commerce is taking particular interest in veterans who are returning from the wars with the intention of entering the small business field.

The small business division has given the subject considerable time and thought and now has available for veterans a booklet, "Veterans and Small Business" which answers numerous questions in the minds of the returning soldier.

The booklet covers many facts of the highly competitive small business field and covers subjects such as, "Postwar Plans for GIs"; "Industry's Job to Place Servicemen"; "The GI Bill and Small Business"; "What About These Veterans' Loans?"; "Factors in a GI's Business Success"; "Getting Started in Your Business"; "How Long Can I Stay in Business?"; "Survival Chances of Retail Stores"; "Risk-taking in a Postwar World"; "Training Program for Small Business"; "Marketing Facts On a County Basis"; "Small Town a Most Important Market," and seven other factors or subjects.

These chapters were written by experts and information contained will be invaluable to the veteran contemplating entering the small business field.

These booklets are available to veterans by writing to the "Small Business Division" of the United States Department of Commerce, Washington, D. C.

Questions and Answers

Q. Can a mother who is all alone and in poor health, have a son released from the Army if he has been in since Jan. 25, 1943, and in the South Pacific since June 19, 1943, and has never had a furlough? **Mrs. D. W., Greenwood, Wis.**

A. The War Department says that the fact the mother is all alone and in poor health would not necessarily bring about the son's release. If the case can be considered a "hardship case" release might be given, but each case must be decided upon its merits and be recommended by the commanding officer. If your son, however, has been in the army since the dates you give, he possibly has enough points for his discharge now, or at least in the very near future. Without points for battle stars or decorations, which count five each, he has approximately 63 points. He is eligible for application for discharge now at 70 points and the number is fixed at 60 points November 1.

Q. My daughter wishes to know whether she will be entitled to services of a doctor and hospitalization benefits when her new baby arrives, if her husband who is now in the navy is discharged under the point system before the baby arrives?—**Mrs. W. A. L., Mill Iron, Mont.**

A. The Navy Department says that if she is now receiving navy medical care to which she is entitled, the navy will do everything it can to help her provided she does not move from the area where she is under treatment and the pregnancy is in the later stages. Suggest she contact the nearest navy hospital or dispensary for specific information.

Q. Is there a course of study in fire fighting listed in the educational program for veterans and are there any books available on this subject?—**G. E. D., Philadelphia.**

A. Many schools approved by State Boards of Education have instructions in fire fighting. For instance, the University of Maryland, College Park, Md., and Northwestern University, Evanston, Ill., have such a course. It may be possible that the University of Pennsylvania has such a course. Suggest that you write one of these schools.

Q. Will a soldier who has been in service for two years and 11 months in the States and 13 months overseas receive mustering-out pay if he is given a dependency discharge?—**Wife, Treloar, Mo.**

A. The War Department says that if his dependency discharge is honorable he is entitled to mustering-out pay.

Q. Please advise if an ex-serviceman can obtain a loan to join up in an open shop in one or more unions?—**J. C., Coffeeville, Miss.**

A. Can find no regulation which provides for a loan to join a union.

Longest Railroad

The longest stretch of straight railway track in the world crosses the Nullarbor plain in southern Australia. For 330 miles the Trans-Australian railway runs without a turn through country which possesses neither hills nor valleys, trees nor towns. The Nullarbor plain is mainly a huge limestone formation. The next longest straight stretch is in South America, the 205 miles between Mackenna and Junin on the Buenos Aires and Pacific railway of Argentina.

Vitamin Loss

While investigating whether glass or tin containers caused the greatest loss of vitamin C in canned vegetables, research workers found that the material used for making the container had no effect on vitamin C but the loss was caused by the air left in the can. The amount of vitamin C lost was in proportion to the amount of headspace left unfilled in the container.

Fattening Lambs

One help in putting weight on lambs is to keep sheep and lambs free from parasites, especially nodular worms and stomach worms. Infestation with parasites holds back growth and increases feed costs. Serious losses from parasites can be prevented by providing clean pasture, by the use of phenothiazine, and by taking other precautions.

Bath Banishes Blues

According to etymologists, the English word "bath" comes indirectly from a Greek word meaning "to drive sadness from the mind." Which goes to prove again that the classic Greeks were a modern people and that they knew the full value of bodily cleansing. Bathe frequently and thoroughly, and thus "drive sadness from the mind."

Dustless Duster

To make a "dustless" duster, immerse a large square of cheesecloth in a basin of strong, hot soapsuds. Let it soak for a while, then wring out and dry. When the cloth becomes soiled, it can be washed and retreated.

Airplanes Over Counter

One of Chicago's largest department stores has agreed to open an "airplane department" and will offer a popular, two-place model for sale from a conventional display room.

Simple Shoes

The pilgrim fathers were lucky if they had one pair of shoes a year, but it wasn't quantity that bothered the law-makers then, it was quality. Footwear had to be extremely simple and Puritan law aimed to keep it inexpensive. In Salem, a man was brought to court because of "excess of boot ribands, gold and silver laces" on his shoes. In England, the law decreed that shoes could not be more than two inches longer than the foot.

Accident Facts

Accident Facts states that in one of every five or six fatal accidents the driver's vision was obscured. More than one-third of the factors responsible for reduced visibility were on the vehicle itself, such as rain, fog, frost, snow or stickers on the windshield. Nearly one-third were highway factors, such as trees, buildings, embankments or signboards.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 0.037 miles of Hondo Creek Bridge located approximately 8 mi. S. E. of Hondo on Highway No. 173, covered by C 421-1-6, in Medina County, will be received at the Highway Department, Austin, until 10 a. m., Nov. 8, 1945, and then publicly opened and read. The prevailing wage rates listed below shall apply as minimum wage rates on this project.

(Listed in this order: Title of "laborer," "workman" or "mechanic," and prevailing per diem wage, based on 8-hour working day.)

Carpenter, journeyman, 9.20;
crane, dragline, or shovel operator (3-4 c. y. or more), 9.20; crane dragline, or shovel operator (under 3-4 c. y.), 8.80; hoisting engineer (2 or more active drums), 9.20; master finisher, 8.80; mechanic, 8.80; painter, journeyman, 8.80; pile driver operator, 9.20; powder man (heavy rock), 8.80; reinforcing steel setter (bridge work), 8.80; structural steel worker, 11.00; welder (structures), 8.80; air tool operator, 6.40; carpenter, rough, 6.40; fireman (steam equipment), 6.40; hoist operator, 7.20; hand float operator (assistant finisher), 6.40; mixer operator (less than 27-E), 6.40; oiler, 6.40; painter, 6.40; pile driver leadman, holder, 7.20; pump man, or powderman (light rock), 6.40; truck driver (over 1 1/2 ton rated capacity), 6.40; flagman, 4.80; labor, miscellaneous, unskilled, 4.80; truck driver (under 1 1/2 ton rated capacity), 4.80; water boy or watchman, 3.60.

Those classifications not listed above and found necessary to execute this contract may be found included in the proposal for Group 3. Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of F. S. Maddox, District Engineer, San Antonio, Texas, and Highway Department, Austin. Usual rights reserved.

YANCEY NEWS

Mr. and Mrs. W. H. Taylor and children spent the week-end with her parents at Lampasas.

Mr. and Mrs. Herbert and children and Mrs. Emma Evans of San Antonio spent Sunday with Mr. and Mrs. Aubrey Evans and children. Mrs. Willie Fasel and Leroy were there also.

Mr. and Mrs. John Dunlevy and son of San Antonio and Mr. and Mrs. J. D. Baker Sr. of Hondo spent Sunday at the old home place.

Mrs. Mary Saathoff and sons, Ed and Neal, Mr. and Mrs. Roland Saathoff and children and her niece and nephew of San Antonio and Mr. and Mrs. Fred Heckman of New Fountain were out Sunday to visit Mr. Henry Saathoff.

Pvt. Roy Wilson and wife returned last Friday from Carlbad N. M. He was recently married to Miss Dolores Loring who is a teacher in the Yancey school.

The following boys are back in the States and will be home in a few days: Lt. Albert Bomba, Sgt. Alvir Melton and Sgt. Manuel Leal. All have served overseas.

Fred Fohn was in San Antonio on business one day last week.

Sgt. Jack Franklin and wife came out Saturday from San Antonio and were accompanied by their brother-in-law, Lt. J. B. Hatter, who came out to see his wife who is staying with her parents, Mr. and Mrs. S. Franklin. Mr. Franklin is getting along very nicely.

Rev. Hornung and family have moved to Hilda, Texas, where he will preach and Rev. Jordan and family have moved to Yancey where he will preach at the Methodist Church. We are sorry to lose Rev. Hornung and family but we welcome Rev. Jordan to our community and wish both families the best of luck.

FAREWELL PARTY

The host of friends of Rev. W. L. Hornung and family regret that the Conference has sent him to a new appointment at Hilda, Texas. In his four years of ministry in our midst Rev. Hornung and his family have endeared themselves to many, both young and old.

On Tuesday evening their friends gathered at the parsonage for a farewell surprise party in their honor, at which they were presented a lovely gift in cash. We wish them Godspeed in their new work and home.

We are happy that Miss Viola Hornung will remain with us as teacher of English and Spanish in the Yancey High School.—Contributed.

RECEIVES DISCHARGE

U. S. Naval Personnel Separation Center, Camp Wallace, Texas.—Ricardo Sepubveda, 21, Box 104, Natalia, Texas, has been honorably discharged at this center under the Navy's point-release system. He held the rating of Carpenter's Mate third class.

Sepubveda entered the Naval Service in November 1942, and served 29 months in the Pacific.

NOTICE OF ROAD BOND ELECTION

THE STATE OF TEXAS
COUNTY OF MEDINA

TO THE QUALIFIED VOTERS RESIDING IN MEDINA COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID COUNTY AND WHO HAVE DULY RENDERED SAME FOR TAXATION:

TAKE NOTICE that an election will be held on the 10th day of November, 1945, within Medina County, Texas, to determine if said County shall issue Road Bonds, and if an ad valorem tax shall be levied in payment thereof, in obedience to an election order entered by the Commissioners' Court of Medina County, Texas, on the 8th day of October, 1945, which is as follows:

THE STATE OF TEXAS
COUNTY OF MEDINA

On this the 8th day of October, 1945, the Commissioners' Court of Medina County, Texas, convened in regular session, at the regular meeting place thereof, in the Court-house in Hondo, Texas; whereupon there came to be heard and considered the Petition of W. C. Scott and more than two hundred and fifty resident property taxpayers voters of Medina County, praying that an election be ordered in said County for the purpose of determining whether or not the bonds of said County shall be issued in the sum of Eight Hundred Thousand Dollars (\$800,000.00) for the purpose of constructing, maintaining and operating macadamized, gravelled or paved roads and turnpikes, or in aid thereof, within and for said County, and whether or not an ad valorem tax shall be levied upon all property in said County subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

It appearing to the Court that said petition is signed by more than two hundred and fifty resident qualified voters of Medina County, who own taxable property in said County, and who have duly rendered the same for taxation; and

It further appearing that the amount of bonds to be issued will not exceed one fourth of the assessed valuation of the real property of said Medina County, and that said bonds may be issued under authority of Section 52, of Article 3, of the Constitution of the State of Texas, and the laws enacted pursuant thereto;

IT IS, THEREFORE, CONSIDERED AND ORDERED by the Commissioners' Court of Medina County, Texas, that an election be held in said County on the 10th day of November, 1945, which is not less than thirty days from the date of this order, at which election the following Proposition shall be submitted:

"Whether or not the bonds of Medina County, to be known as 'Medina County Road Bonds' be issued under authority of Section 52 of Article 3 of the Constitution of Texas and laws enacted pursuant thereto, for the purpose of constructing, maintaining and operating macadamized, gravelled or paved roads and turnpikes, or in aid thereof, within and for said County. Said bonds to be issued in the amount of Eight Hundred Thousand Dollars (\$800,000.00), bearing interest at a rate not to exceed two and one-half per cent (2 1/2%) per annum, and to mature at such times as may be deemed most expedient by the Commissioners' Court, not to exceed twenty-two years from date of said bonds; and whether or not ad valorem taxes shall be levied annually for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity."

That said election shall be held under the provisions of the laws of the State of Texas, and all persons who are legally qualified voters of this State and County, and who reside and own taxable property in said Medina County, and have duly rendered the same for taxation, shall be entitled to vote at said election.

All voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words "FOR THE ISSUANCE OF THE BONDS AND THE LEVYING OF AD VALOREM TAX IN PAYMENT THEREOF" and those opposed shall have written or printed on their ballots the words "AGAINST THE ISSUANCE OF THE BONDS AND THE LEVYING OF THE TAX PAYMENT THEREOF."

The polling places and presiding officers of said election shall be as follows:

PRECINCT NUMBER 1, at Court House, in Hondo, Texas; V. P. King, Presiding Officer; H. H. Decker, F. A. Martin and George Koch, Judges.

PRECINCT NUMBER 2, at School House, in Quilhi, Texas; Robert Riff, Presiding Officer; Emil Saathoff, George Balzen and Alf. Boehle, Judges.

PRECINCT NUMBER 3, at Sons of Hermann Hall, in Dunlay, Texas; Theo. Reitzer, Presiding Officer; Tom Frey, John Zuberbuehler and Chas. Kreumueler, Judges.

PRECINCT NO. 5, at School House in Rio Medina, Texas; George Boehme, Presiding Officer; Joe Steine, Jr., Alfred Bendele and Cline Haby, Judges.

PRECINCT NO. 6, at J. P. Office, in Castroville, Texas; Archie Jagge, Presiding Officer; W. W. Wernette, Charles de Montel and Lou Redus, Judges.

PRECINCT NO. 7, at Arnold

Finger Building, in D'Hanis, Texas; Henry Poerner, Presiding Officer. Pete Saathoff, O. J. Reinhart and Louis Garteiser, Judges.

PRECINCT NO. 8, at Emil Bendele's House, in Haass, Texas; Henry Bendele, Presiding Officer and Eugene Bendele, Judge.

PRECINCT NO. 9, at School House, in Natalia, Texas; J. F. Riley, Presiding Officer, J. W. Heath, Frank Flugge and Mrs. Frank Riley, Judges.

PRECINCT NO. 10, at Deb. Whitfield Building, in East Devine, Texas; Geo. T. Briscoe, Presiding Officer; Alex. Bohl, Mrs. Fred Schulze and Gertrude Vance, Judges.

PRECINCT NO. 11, at School House, in Black Creek, Texas; Harrison Harris, Presiding Officer and Ida Barron, Judge.

PRECINCT NO. 12, at J. P. Office, in Yancey, Texas; Nic Wilson, Presiding Officer; G. C. McAnnelly, Chas. Kueck and Fritz Senne, Judges.

PRECINCT NO. 13, at School House, in Cliff, Texas; O. J. Wurzbach, Presiding Officer, and Raymond Schuchart, Judge.

PRECINCT NO. 14, at School House, in Biry, Texas; Oak Schmidt, Presiding Officer, and A. H. Bendele, Judge.

PRECINCT NO. 15, at J. P. Office, in LaCoste, Texas; Ed Bohl, Presiding Officer; Rud. Bippert, Herman Jungman and Arthur Kriewald, Judges.

PRECINCT NO. 16, at Fire Station, South Hondo, Texas; A. L. Haegelin, Presiding Officer; Felix Batot, Bob Kollman and R. R. Corde, Judges.

PRECINCT NO. 17, at School House, Upper Hondo, Texas; Otto Marquis, Presiding Officer and Otto Sprott, Judge.

PRECINCT NO. 18, at M. Hardeman's House, in Elstone, Texas; Gus Mann, Presiding Officer and J. M. Riff, Judge.

PRECINCT NO. 19, at J. P. Office, in West Devine, Texas; George Busby, Presiding Officer; Mrs. J. H. Hester, Mrs. Mae Stanfield and Mrs. Mae Carter, Judges.

PRECINCT NO. 20, at School House, in Mico, Texas; Alton Seekatz, Presiding Officer and Alfred Haby, Judge.

The manner of holding said election shall be governed by the general laws of the State of Texas regulating general elections.

Notice of said election shall be given by publication of a true copy of this order, signed by the County Judge, in a newspaper published within the County, once each week for three consecutive weeks prior to said election, and in addition thereto, there shall be posted true copies of this order at four public places in the County, one of which shall be the Courthouse Door, in Hondo, Texas, for three weeks prior to the date of said election.

The County Clerk is hereby directed to cause said Notice to be published and posted as hereinabove directed.

The above order being read, it was moved and seconded that same do pass. Thereupon, the question being called for, the following members of the Court voted Aye: Commissioners John G. Britsch, Herman J. Bippert, Oscar W. Tondre and Fred W. Bowman; None voting No.

ARTHUR H. ROTHE
County Judge, Medina County, Texas.

THIS NOTICE IS GIVEN, in pursuance of said order, this the 19th day of October, 1945.
[L.S.] S. A. JUNGMAN
County Clerk, Medina County, Texas.

D'HANIS NEWS

Mr. and Mrs. Howard Rothe visited Mr. and Mrs. V. J. Fohn at Uvalde Friday and attended the Hondo-Uvalde football game.

Cpl. and Mrs. Thomas Finger are visiting relatives here after spending a furlough in Louisiana.

S/Sgt. Charles Saathoff, who has received an honorable discharge from the U. S. Army is at home.

Mrs. Frank Hartman, Miss Carrie Langford, Mrs. S. H. Willis, and Mrs. O. R. Humble motored to Uvalde Saturday to attend the Delta Kappa Gamma Regional Meeting.

Mr. and Mrs. M. L. Riley and his daughters, Helen and Mary C. kin, are now making their home at Sabin. During the several years they lived here they made many friends who regret to lose them as neighbors and citizens.

Mrs. Martin Ryan and Miss Marie Esser of San Antonio visited friends here Sunday.

T/Sgt. Hilmer J. Koch, after almost four years in the Engineer Corps of the U. S. Army and 25 months in the China-Burma-India theatre, returned home Monday after being honorably discharged. His citations included the American Defense ribbon, Good Conduct Medal, American Theatre Unit Citation, Asiatic-Pacific with two battle stars.

Mr. Walter Burrell, who was inducted into the U. S. Marines last June, has been discharged and is at home again.

Mr. and Mrs. W. E. Albrecht of San Antonio spent Sunday here.

Sgt. and Mrs. Oscar Rohrbach are the parents of an infant son born October 25 at Medina Hospital.

Mr. and Mrs. Amos Finger and little son spent Friday and Saturday at Uvalde as guests in the W. J. Fohn home.

S/Sgt. Norman Ernst of San Antonio, who was recently released from a Japanese prison camp, visited relatives here last week.

Cpl. Lawrence Huser is spending a 30-day furlough in the home of his parents, Mr. and Mrs. Fred Huser.

GROSS-HABY NUPTIALS

Mrs. Rose Zuberbuehler Haby of Hondo and Mr. Joseph Gross of D'Hanis were quietly married in the

rectory of Holy Cross Catholic Church at 4 o'clock the afternoon of October 18. Reverend J. J. Gerberman performed the marriage rites. Mr. and Mrs. Robert Zuberbuehler were the witnesses. Mr. and Mrs. Gross left for a brief honeymoon, and are now at home at the Gross Ranch and at Hondo.

4-H CLUB NEWS

Miss Mayberry returned to D'Hanis on October 24th when we were taught the use of leathercraft. For example of leathercraft we demonstrated on billfolds. Mary Alice Zerr sang a solo called "Stars and Stripes on Two Jims" and was accompanied by a pianist, Norma Wolff. Bingo Rothe was the lucky winner. Rules were discussed and the motto and creed of the 4-H Club were said at the beginning of the meeting. Ellen Zinsmeyer as president, supervised the club. Miss Mayberry will return on the day appointed.—Reporter.

ZION'S LUTHERAN CHURCH

A. H. Falkenberg, Pastor
Sunday, Nov. 4, 1945:

Sunday School, with Bible class, 9:00 a. m.; William H. Staebelen, Jr., superintendent.

English divine Reformation Festival service, with celebration of Holy Communion.

Our Sunday School teachers and officers are kindly requested to attend a very important meeting Sunday afternoon, beginning at 2:30 p. m. in Zion's Lutheran Church. Please make it a point to attend.

Jesus Saviour wash away. All that has been wrong today. Help us every day to be Pure and gentle, more like Thee. A cordial welcome to worship with us is extended to all.

The Church With a Welcome.

PRISONER HOME

DIBBLE GENERAL HOSPITAL, Menlo, Park, Calif.—Sgt. William Wallace of San Antonio, Texas, captured on Bataan and recently liberated from imprisonment in the home islands of Japan, arrived at Dibble General Hospital, Menlo Park, Calif., this week to recover from effects of nearly four years in Jap prisons.

The 25-year-old sergeant, Air Corps ground crew member, is the nephew of Mrs. Jack Kirk, 203 East Aguirre St., San Antonio. He joined the service Oct. 10, 1939, and received primary training at Fort Sam Houston. He went overseas Jan. 25, 1941, and was wounded during the fighting on Bataan when hit in the left leg by shrapnel on April 8, 1942.

"Let Me Get You Some DR. MILES' ANTI-PAIN PILLS"

WITH YOUR responsibilities, can you afford to let a Headache, Muscular Pains, Functional Monthly Pains or Simple Neuralgia slow you down? Dr. Miles Anti-Pain Pills have been bringing relief from these common discomforts for nearly sixty years.

Countless American housewives consider Anti-Pain Pills almost as much of a necessity in the medicine cabinet, as is flour in the kitchen cupboard. They have Dr. Miles Anti-Pain Pills in the house, many of them carry these little pain relievers in purse or handbag. They are prepared for these minor aches and pains that sometimes occur in almost every family—ARE YOU? Dr. Miles Anti-Pain Pills are pleasant to take and do not upset the stomach.

Get Dr. Miles Anti-Pain Pills at your drug store. Regular package 25 tablets 25¢, Economy package 125 tablets \$1.00. Read directions and use only as directed.

MARRIAGE ANNOUNCED

Mr. and Mrs. J. F. Bandy of Hondo announce the marriage of their daughter, Mrs. Ora Bandy Huddleston, to Mr. Berton Conrad of Orlando, West Va., the ceremony having taken place at 4 p. m. Monday, Oct. 22, in the chapel of the Travis Park Methodist Church in San Antonio. Rev. Wm. Parrish officiated.

Mr. Conrad returned from Vancouver, Wash., where he recently was discharged from the Army Air Forces. Prior to his going to Washington several months ago, Mr. Conrad was stationed at Hondo Army Air Field for three years. For the present, Mr. and Mrs. Conrad are making their home in Hondo.

EXTENSION EDITORS TO VISIT 4-H CLUBS

Miss Laura Lane, Extension Editor, College Station, Texas, and Mrs. Beth Cummings Paschal, editor for Farm Journal magazine, will be in Medina County Nov. 6th to visit the County 4-H Clubs and demonstrators, according to Mrs. Christine Mayberry, county home demonstration agent. The purpose of the visit is to secure information on the leather work done by the 4-H Club girls. To date the girls have made 189 leather billfolds, 5 coin purses and 9 purses, at a cost of \$287.60, effecting an estimated saving of \$575.20 by making the articles.

NUECES RIVER DAMS TO COST \$20,000,000

SAN ANTONIO, Texas.—The first two dams in a series of six to be built along the Nueces River and its tributaries will be constructed at Cotulla and Uvalde, the board of directors of the Nueces River Conservation and Reclamation District reported at their meeting here Oct. 22.

The six dams will cost over \$20,000,000 and will be federally financed. F. M. Pulliam of Crystal City, president of the board, announced. The Bureau of Reclamation will handle construction work while operation will be in the hands of the board. Construction is expected to begin within twelve to fourteen months at Cotulla and Uvalde, Pulliam said. The other dams will be built at Canan, Fowler, Sabin and Quilhi.

CLUB MEETS

The Castroville Junior 4-H Club met with Mrs. Mayberry, Oct. 19th, at 10 o'clock. All members were present except one. It was decided to get 4-H buttons and emblems and a banner for our club. Games were played and refreshments were served. Mrs. Mayberry showed us how to make leather work. Most of the members are making billfolds. The meeting adjourned.—Reporter.
